JANUARY 7, 1974 INDIANAPOLIS RADIO CLUB INC. ISSUE NO. 1 - 74

"LOOKING FORWARD"

There is always a thrill in anticipation, be it going on a ski trip, fishing trip, overseas trip or even a new job.

The Indianapolis Radio Club is looking forward to 1974 as a year to be filled with anticipation of learning, fellowship and service. Those who will try to lead its membership in the fulfillment of these expectations are its vice-Pres. Douglas Loughmiller with his youth and energy; Carey Carender as an experienced secretary; William Lueth, treasurer, as ever the guardian of our funds; Chief Op. Gary Hughes of many years experience; director Harold McGee a holder of extra class ticket and a brand new officer; director Wade Kingery, past president who needs no introduction; our peripatetic trustee, Ron Williams; and last but not least, Robert Osterhous, the best editor ever.

With such a group, the 1973 officers and committee heads know that their efforts and wishes during the past year will be carried on in 1974.

As for myself, I cherish the opportunity of being part of this team and I am grateful for the confidence placed in me by the IRC members at the last election.

Your President,

James Sugioka W9CKB

Hams Operate from St. Francis Hospital Recently Harry Butler W9FU underwent surgery at St. Francis and his room mate was a brother 1. Bob Scott WA9BSK. They were soon on 2 FM and made many contacts during their stay. The hospital staff permitted them full freedon to operate and were amazed and excited about a radio station on the premises. We are happy to r&port that both are back on their jobs.
